

AACPS CTE

From Playgrounds to
Paychecks: Preparing Students
for Career Readiness

October 21, 2023

Career & Technical Education

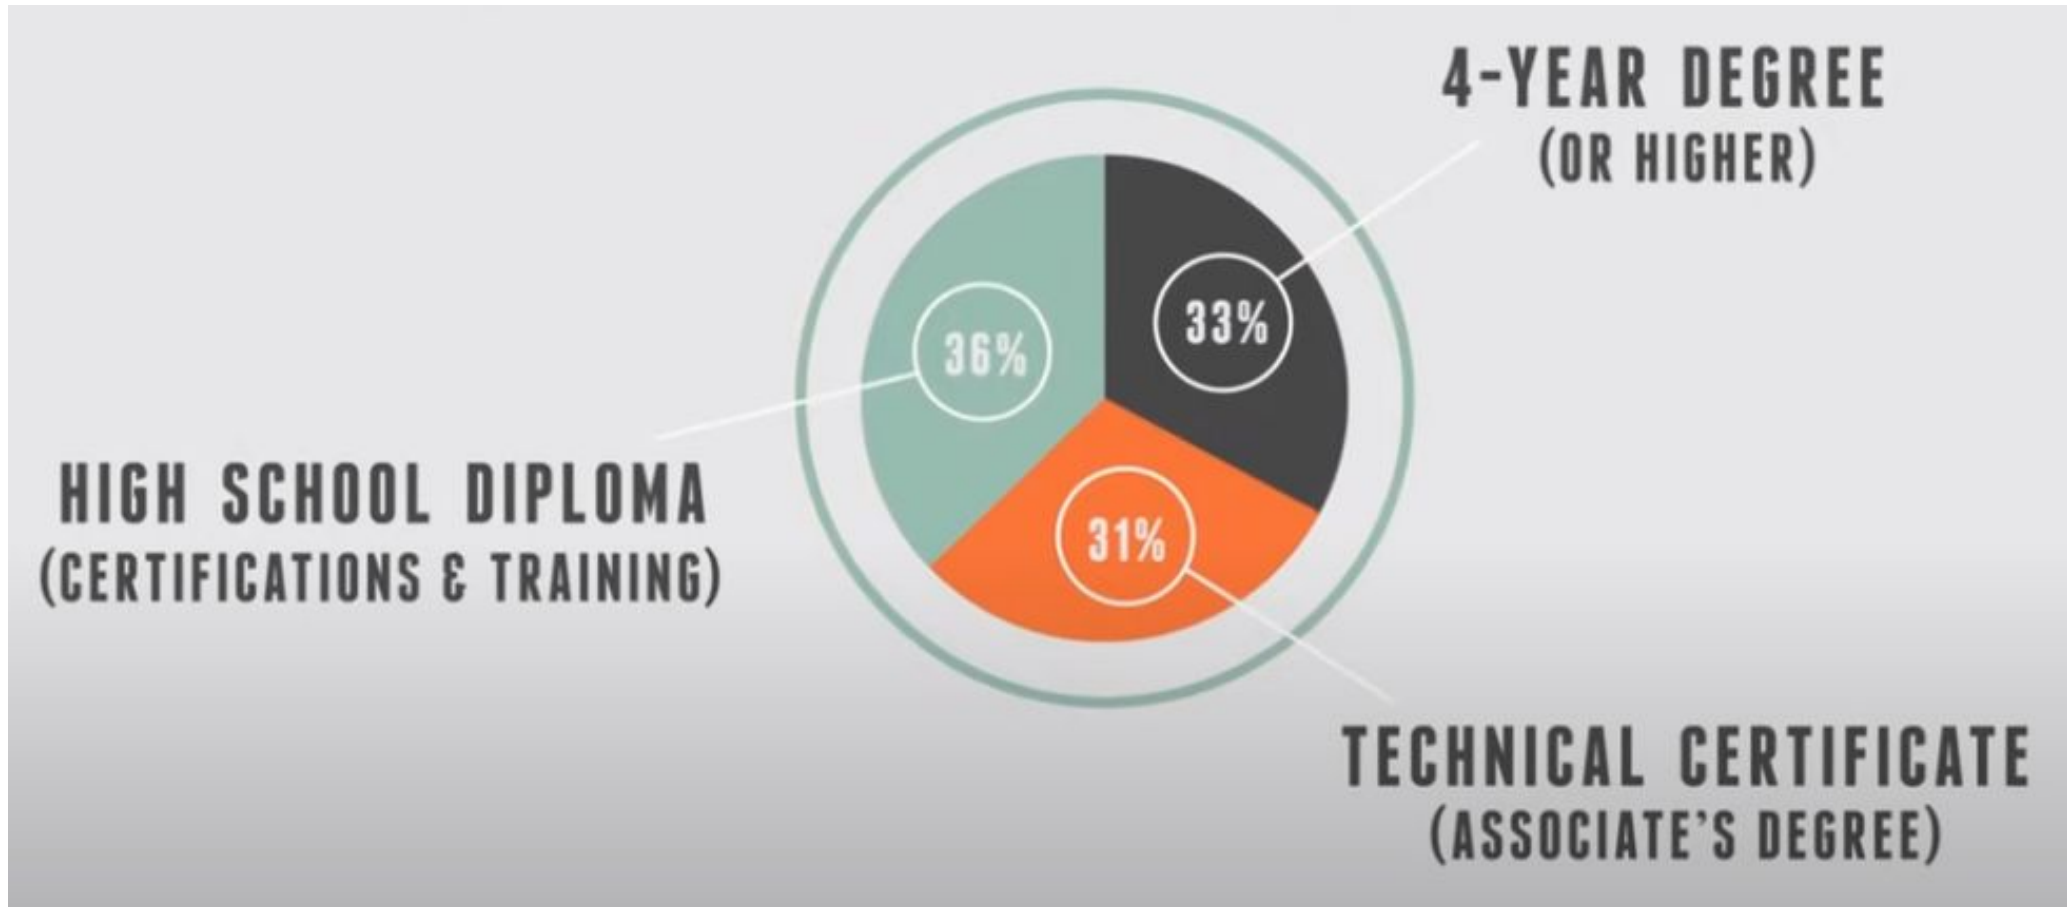

Classrooms today
Careers tomorrow
Skills for a Lifetime

We prepare students for a life after
graduation

1. Offering over 200 different courses
2. 53 different career prep programs
3. 39 different industry certifications
4. 43 of our programs offer college credit

Goal for the CTE Office

Goal for the CTE Office

Straight to Career

Students graduate with an industry credential and enter the workforce highly prepared.

Straight to AACC

Students graduate on a path towards a program at AACC, preparing them for next level careers.

Straight to 4 Year

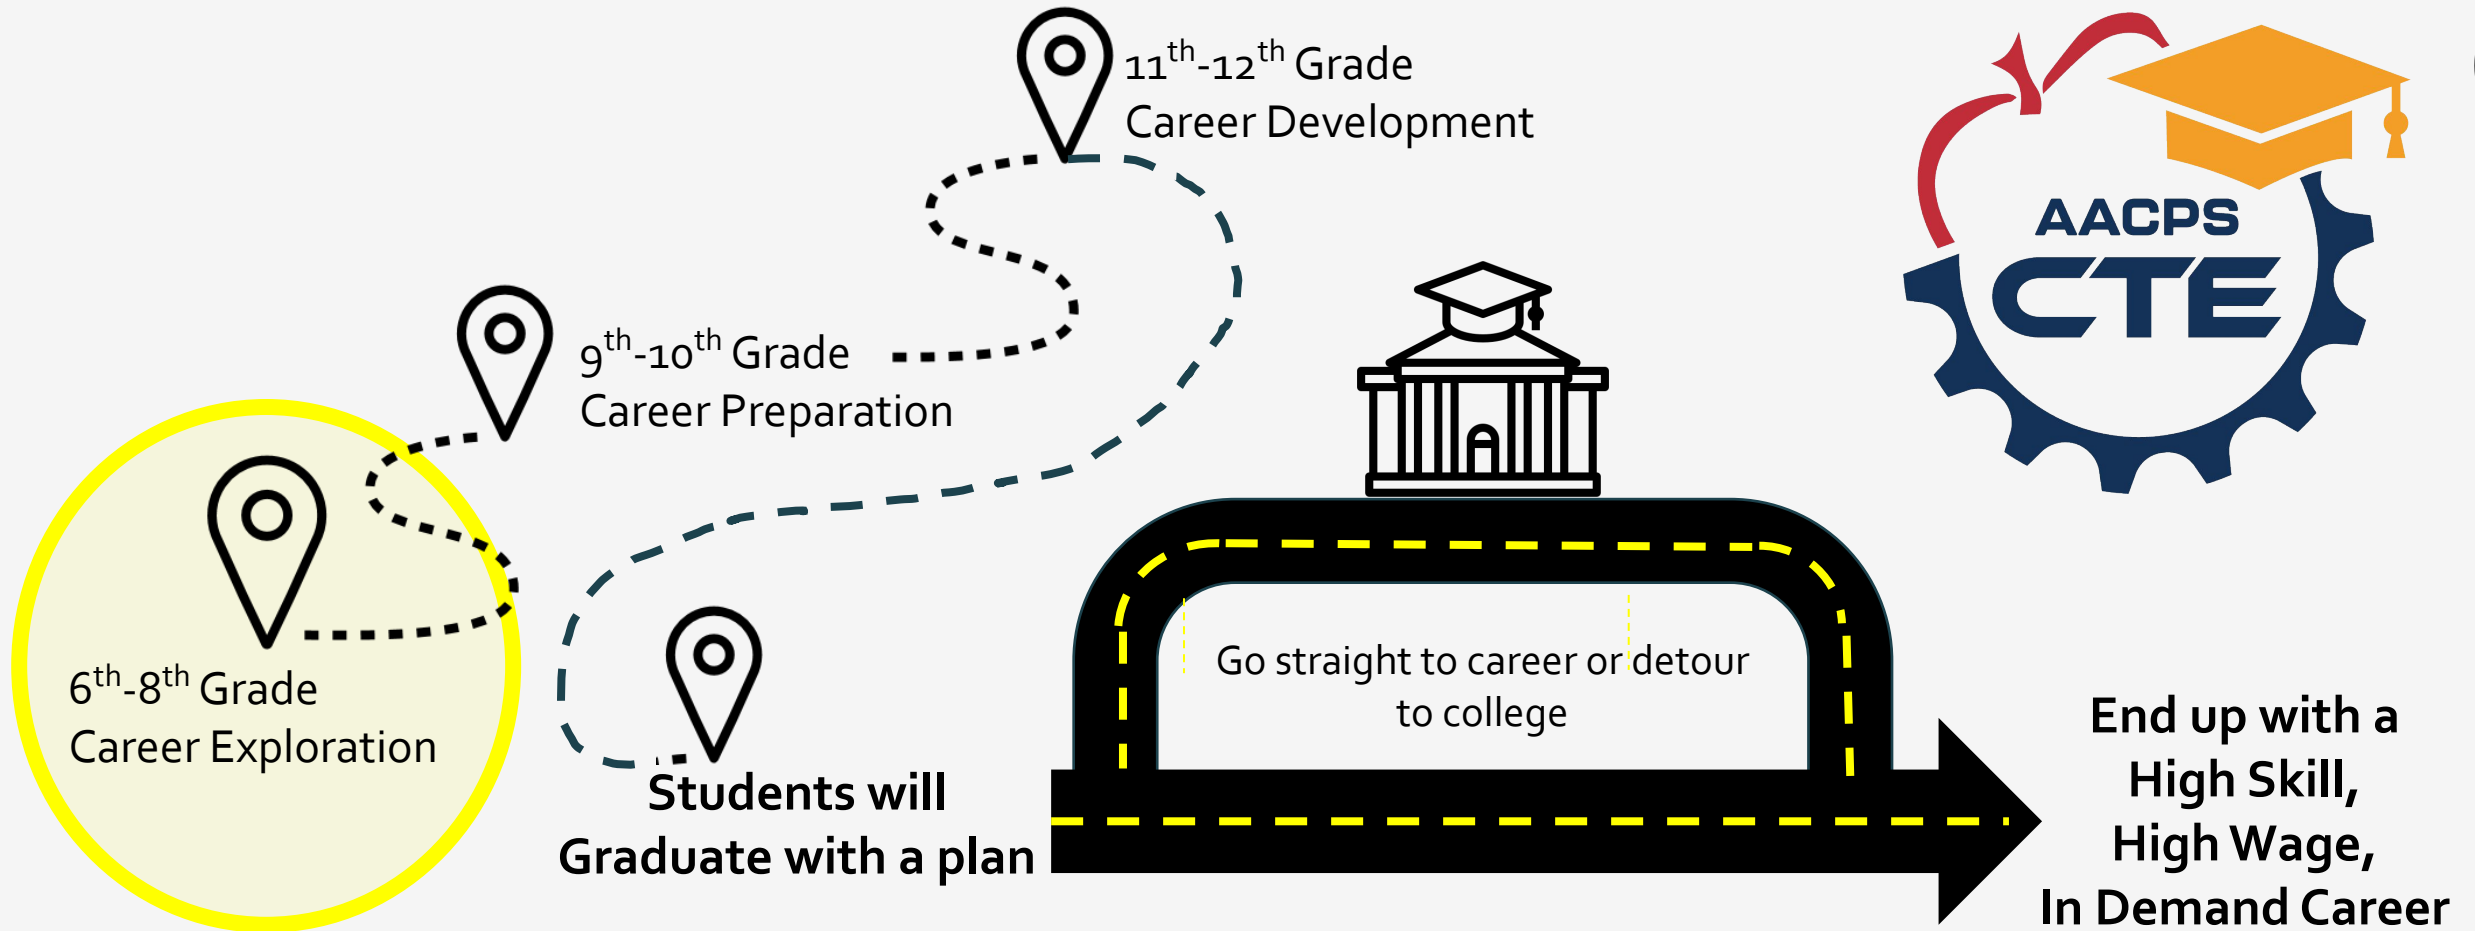

Students graduate prepared to enter a 4 year college with confidence in knowing what they want to do for a career.

Each of these students may have earned an industry credential, college credit, or both....

FOR FREE!

CTE in a Nutshell

Capitalizing on the Momentum

Success in the New Economy (0:01-4:54)

Stage 1:

Career Awareness

Pre-K – 3rd Grade

Students should be able to:

- ✓ Know about different careers in their community
- ✓ Learn about how school (Math, Reading, Science, etc.) prepares them for the future

AACPS Will	Parents Could
Prepare students for school with basic interpersonal, social, academic skills	Find academic/enrichment clubs that students find interesting
Introduce students to different careers	Talk to their students about work and why school is important
Provide opportunities for students to learn through problem-based (real-world) learning	Show them around the community, identifying different businesses

Stage 2:

Career Exploration

4th – 8th Grade

Students should be able to:

- ✓ Explore different careers in their community
- ✓ Choose classes that allow them to explore their interests

AACPS Will	Parents Could
Begin to link academic content to careers – learn about their academic/career interests	Talk to their students about their career interests, provide support through class choices
Allow students to explore different careers through out of classroom experiences	Promote “College and Career” Readiness
Offer courses that allow students to learn through scenario based projects	Talk to strangers- engage people in the community about their career journey

Stage 3:

Career Preparation

9th-10th Grade

Students should be able to:

- ✓ Prepare for a career/path of their choice
- ✓ Develop skills necessary to be employable

AACPS Will	Parents Could
Provide choice in career/academic preparation	Begin to talk to their students about a “plan” after graduation
Teach “Employability Skills” – what employers are looking for	Introduce them to different careers through volunteer work
Link learning to future success – ensure “school” has a “purpose”	Ensure their students are aware of the options available in their school
Provide opportunities for classroom/external career exploration and investment	Be involved in student course choices

Stage 4:

Career Development
10th-12th Grade

Students should be able to:

- ✓ Complete a career preparation option within AACPS
- ✓ Earn an industry certification/credential and some college credit

AACPS Will	Parents Could
Offer a diverse set of options for career development (53 different programs)	Continue to talk to their students about a “plan” after graduation
Allow students to dual-enroll with the community college to increase access to CTE programs	Encourage students to be independent Choice=Ownership
Support achievement of career preparation goals	Ensure students take advantage of CTE programs
Provide access to paid and unpaid career development opportunities	Promote student enrollment in Work Based Learning programs

What is a CTE Completer Program?

Completer Pathways

(See "Completer Program Pathways" on page 3)

College Completer

(post-secondary education after high school)

Algebra 2

2 credits of
the same Language

Career Completer

(employment and/or post-secondary education
after high school)

A CTE Completer Program

Dual Completer

(employment and/or post-secondary education
after high school)

Algebra 2

2 credits of
the same Language

and

A CTE Completer Program

- A CTE (Career) Completer
- Typically consists of 3-4 credits (year long classes)

Post 10th Grade Goal

AP/IB

Students will take AP/IB classes in preparation for entry into post-secondary education

AP

Early College/Dual Enrollment

Students enroll in Early College programs or dual enrollment through local community college

CAREER & TECHNICAL EDUCATION

Students complete the high school level of a registered apprenticeship or earn an industry credential

Choose a CCR Pathway

Today's CTE!

- Programs designed to prepare students for the next step in a potential career pathway of their choice
- We have 53 Different CTE Completer Programs
- Of those, 39 have industry credentials, and 43 award college credit!

CTE Completers in AACPS

Arts, Media, and Communication

- Graphic Design
- Interactive Media Productions
- Printing Technologies

Business Management and Finance

- Accounting & Finance Entrepreneurship*
- Business Management Marketing
- Business Administration Services

Career Research and Development

- Career Transitions JROTC- Navy
- JROTC- Army JROTC- Marines
- Apprenticeship Maryland Program

Construction & Development

- Carpentry HVAC Electricity
- Masonry Welding Plumbing
- Construction Design & Management

Consumer Services, Hospitality and Tourism

- Barbering Cosmetology
- Culinary Arts Baking & Pastry
- Food and Beverage Management

Environmental, Agricultural and Natural Resources

- Natural Resources and Conservation
- Curriculum for Agriculture Science Education (CASE)

The CTE Completer Wildcard

Apprenticeship is....

450 hours of on the job training

+

135 of Related Technical Instruction

What this might look like:

Grade Level	Action Item
10 th Grade	<input type="checkbox"/> Take an exploratory class in a particular career path and see if you like it.
11 th Grade	<input type="checkbox"/> Identify an apprenticeship you might like to take part in – apply by February <input type="checkbox"/> Ensure that you have taken, or are signed up for, the RTI course
Summer Between 11 th and 12 th Grade	<input type="checkbox"/> Start your apprenticeship <input type="checkbox"/> Students can typically finish about 280 – 320 hours during the summer
12 th Grade	<input type="checkbox"/> Complete your apprenticeship <input type="checkbox"/> See if there are other CTE/AACC courses you can take to advance your career.

Some of our Apprenticeship Partners

CTE Summary

- We have, or are building programs to support all student's career interests
- We prepare students for what they want to do after they graduate
- We launch them into the next step with certifications and college credit
