E-Learning Opportunities

At this point all students should be logged into their **Google Classrooms, through Classlink**, using the **class code** that their teachers sent them. Students are to complete the **graded assignments, weekly**. Be sure to monitor your student's progress and email the teacher if you should have questions regarding the graded assignments. Teachers will be preparing the lessons and hold office hours as directed by the Superintendent and as he stated, **there will be no redo's or make ups**. A schedule that works for both you and your child is still very important as we complete online learning.

- **Students should continue to log into Google Classroom through ClassLink and log into Google Meet using the Meet url/codes they were given by their teachers.**

Parents can email the teacher or school counselor if you are having difficulty getting connected. Continue to read the **weekly email blasts** that teams are emailing home and if you are not receiving the emails, contact your student's teacher immediately. All our educators have been assigned a **Google Voice phone number** to use to contact students and their families in addition to emails. Please support our efforts.

Additional resources and answers to questions can be found on the County's [public eLearning page](#). Please visit today! Available are solutions to technology concerns and resources for families.

Family Information Line

If you need assistance, please call 410-222-5001

Library books

If you are in possession of a Lindale library book, you can return it when we return to school.

MVPs April 20-April 24

*Congratulations to **Mrs. Afor, Ms. Howard, Mrs. Colon, Ms. Rivera and Ms. Engl** for being selected by the Leadership team as Most Valuable Players (MVP) over the past few weeks!*

These individuals were chosen for going above and beyond to ensure the success of Lindale students either by taking extra time to master the technology needed, taking extra steps to ensure families have materials that they need or compiling additional resources for students/teachers.

We appreciate your hard work, extra time and dedication to Lindale!

MVPs April 27-May 1

*Congratulations to **Mrs. Mahnke and Mr. Marsh** for being selected by the Leadership team as Most Valuable Players (MVP) this week!*

The leadership team wanted to say a huge thank you to **Mr. Marsh** for all his hard work to make sure both students and faculty have the right technology to make eLearning a success!! We only have about 60 students out of our 1130 students without devices as of the beginning of this week.

We also wanted to give a BIG shoutout to **Mrs. Mahnke** for going above and beyond to get her students online and engaged! She has been very creative in her lessons and delivery and it is truly paying off!

We see so many teachers working extra hard these days-- thank you so much!! We truly appreciate all of you!

Counseling Corner

The Counseling Department knows that these are stressful times. The unknown can be scary and overwhelming. It is their hope that they can help navigate you through this period.

They are continually gathering information for you to access during your time home. They will be providing resources, lessons, and activities for both parents and students. In order to stream-line the process, they have created Google Classrooms for each grade level. They ask that your child please join his/her respective class only. Visiting these Google Classrooms weekly could really help your student learn skills to assist with stress, as well as academic improvement. Below are the class codes:

6th Grade: 4wtz7r4

7th Grade: 4dupwvx

8th Grade: mdu3guv

For further support, please contact them via email:

STEM & Department Chair: Shari Endo, sendo@aacps.org

6th Grade: Dominique Brooks, dtbrooks@aacps.org

7th Grade: Emily Benjamin, ebenjamin@aacps.org

8th Grade: Katlyn Cropp, kcropp@aacps.org

Reminders

Check on your neighbors, friends, and relatives. Continue practicing social distances and know that we all, at LMS miss you.
