Dear Families,

Please take the time to review the amazing pictures of classroom highlights. I am thankful for the awesome lessons that teachers create and the excitement that our students bring with them to class.

2019-2020 NJHS

I would like to say thank to all NJHS students who volunteered to help me decorate, chaperone and clean-up the 6th grade dance. Your leadership, kindness and thoughtfulness is truly appreciated. I would also like to congratulate our NJHS Officers!

- Connor Schlude: President
- Jack Clark: Vice President
- Finn Roche: Treasurer
- Kay Latt: Secretary
- Kyra Lime and Ella Deitch: Historians

Picture Re-Take Day

Mark your calendar for picture retakes which are scheduled for November 6, 2019. See attached flyer for details on how to order.

Remember no parking or pick-up in the bus loop during dismissal. This includes Tuesdays and Thursdays during our activity bus dismissal. This is a county mandate in order to keep our students safe.

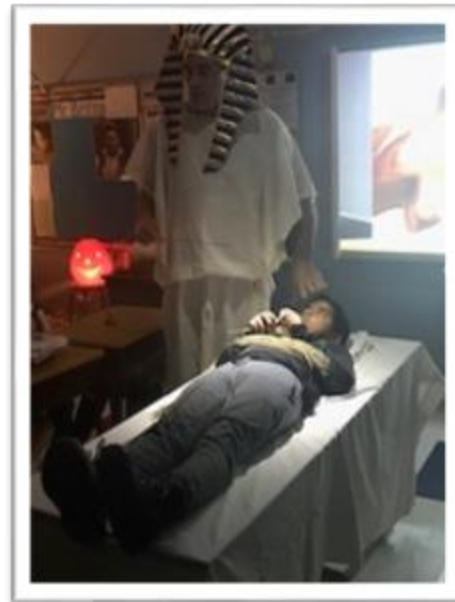

Sincerely,
Dr. Williams

CLASSROOM HIGHLIGHTS

Students in Mr. Britton's 6th period Social Studies class mummifying their classmates.

CLASSROOM HIGHLIGHTS

Mrs. Knoll's 8th grade Spanish 1 class preparing for their upcoming Quarterly with study stations around the room.

Our Mariners team congratulated Ms. Watson on her Teacher of the Year nomination by giving her an Amazon gift card. Students also wrote notes in their advisory of why they love Ms. Watson, what they love about her Math class and congratulating her on being nominated!

CLASSROOM HIGHLIGHTS

6th Grade AVID students toured Anne Arundel Community College this week.

Last week approximately 250 8th graders were out in the schoolyard planting native grasses, shrubs and trees to help restore our school yard, prevent erosion, increase animal habitat, and of course, improve the look of our little section of Peninsula Farm Road. The student did a fabulous job, and as you can see from the pictures, the students enjoyed themselves. We also built some bluebird boxes that will be place around our school yard and Sever River Middle School. We planted the native plants in order to bring in more wildlife and provide them with the food sources and habitat they prefer. Magothy River Middle School is recognized as a Maryland Green School, and we will continue to do projects like this in the future.

Dear parents,

When you are waiting for your children in the parking lot, you tend to leave your car on until they arrive. By leaving your car running for even 5 seconds, you end up exposing us and your students to CO₂ from car emissions. Car emissions contain CO₂, toxins and harmful chemicals that can affect our lungs -even to the point where kids can receive cancer by breathing in all the car emissions. Think about it this way: if in every school, parents are keeping their cars on while waiting for their children, that will add up to *a lot of* kids getting exposed to those gases. If they are being picked up every day, imagine how much CO₂ and chemicals are now in their lungs. Those children would be harmed, even if they didn't notice.

Car idling doesn't only end up affecting the students, but also the environment by the emissions that your car produces. The car emissions, which contain CO₂ and other gasses, contribute to the greenhouse effect. The greenhouse effect is what is warming the earth's surface when the atmosphere traps these gases, eventually causing global climate change which is impacting us now.

There are simple solutions to stop car idling, such as parking your car while you wait. If you are waiting for more than 10 seconds, it's best to park. This would be good for the environment and for you since, by doing that you are saving gas and money. There are also many other solutions including letting your child walk or bike to school if they live close enough. These solutions would be better for all of us, especially the students at Magothy and the environment.

Thank you for your help.

Sincerely,

MRMS ECO Team
