

BODKIN BANNER

JUNE 2023

Dear Bodkin families,

Location: Main Hallway

Can you believe it is June? “Bodkin- A Treasure by the Bay” was a perfect theme as we have so many treasures and treasurable memories from the year. Take some time to reflect on the year with your child.

We will be celebrating Mrs. Cheatwood and Mrs. Rush’s retirement. They have been an asset to our students and our school. They promise to stay connected and even sub a bit when our teachers need to take off. YIPPIE!

Mrs. Haughton and Mrs. Bates will be leaving us for a new adventure. If you see either of them, give them a huge farewell hug. Mrs. Nee-Jackson has spent over 10 years at Bodkin. The positive impact she has had on our Bodkin students, staff and community is countless. She sure will be missed as she takes on a new school. Jacobsville is one lucky school. Send her some love by sharing a memory you have had of her. We welcome Chelsea Wenzel to Bodkin as our new assistant principal. She comes to us with a wealth of knowledge and administration experience.

During May we sure were busy. June looks extra special as well. On June 1, students celebrated their positive behavior with a Glow Party, the math committee has planned an extra special evening of math, our CHS Grads will visit our students to remember where they got started, and lots of performance celebrations! When we sing our school song, “Bodkin is better than all the rest,” it makes sense. LOL

Please take these summer months to enjoy family and friends. Challenge your children to keep their minds busy with literacy, games, cooking, experiments, and creative projects.

On behalf of the entire faculty and staff, we wish you and your family a wonderful summer break. We look forward to the fall and resuming our journey together. As a reminder, county schools are closed on Fridays during the summer. If you need us, feel free to call Monday through Thursday. If I can be of any assistance to your family, please feel free to call or email me @ bmyers@aacps.org.

Mrs. Bonnie Myers, Principal

GREEN SCHOOL WEBSITE

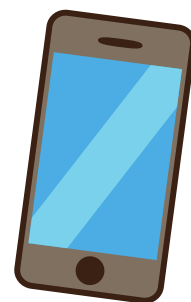

Bodkin is a green school so we are always trying to find new ways to help the environment. Did you know that we have a green school website? Check it out here: <http://bodkinisgreen.weebly.com/> Some of the things we do here at school include recycling, composting, Waste-Free Wednesday, collecting clothing in our textile bin, and maintaining our monarch butterfly garden.

BUS LANE

Please park in the parking lot when visiting our school. The bus lane is for school buses and must remain clear in case of an emergency. Thank you for understanding.

PHONE CALLS

Have you received a phone call that your student was absent when the student was brought to school late? Students are marked absent by their teacher at 8:00 am. and tardies are manually put into our system which can result in a delay in recording your student's tardy status. As a result, you may receive a phone call notifying you that your student is absent from school. We apologize for any confusion or inconvenience this may cause. If you receive a call about an absence and your child came to school on time, please notify us. We greatly appreciate your understanding and cooperation. If you have any questions or concerns, please don't hesitate to reach out to us.

LOST AND FOUND

You lost it, and we have found it! So pleeeeeease come and get it.... our Lost-and-Found containers are located on the left side of the stage in the multi-purpose room. Many, many coats, sweaters, sweat shirts, hats, and lunch boxes are just waiting to be retrieved. If your child has lost an item (and many students have), you may want to look over our lost-and-found items. All items still in our lost and found at the end of this current school year will be donated to a local charity.

What's Going On?

MEAL PRICES

The Board of Education of Anne Arundel County unanimously approved a plan to leave school meal prices at the same level as they have been for the last eight years in which students have had to pay for meals. Under the approved plan, full-price breakfast at all levels for the 2023-24 school year would remain at \$1.50, elementary school lunches would cost \$2.75, and secondary school lunches would cost \$3.00. The price of milk would remain at \$.55. Reduced-price breakfast and meal prices at all levels would also remain unchanged.

Meal Prices for SY 2023-2024

Breakfast - \$1.50 Lunch - \$2.75 Milk \$.55

Free/Reduced Price Meals - No charge for breakfast or lunch

To apply for Free/Reduced Price Meals, complete the application on this [link](#). This application must be submitted each school year. If you have any questions, please call the Food & Nutrition Services Office at 410-222-5900.

Please make sure your child's lunch balance is paid off before the end of the year. Positive balances will carry over to next year in any AACPS school. Call the office with questions.

Dr. Beasley would like to share some of her students' stories. Students wrote a narrative story using a piece of artwork. They looked at The Giant by NC Wyeth and used an organizer to create their creative story.

The donation bin is located to the left of the school (when looking at the school) near the track. It's an easy stop when leaving the parking lot. Can we collect the most over the summer?

RAIN BARREL

Ms. Councill showcased her talent by painting a stunning and vibrant design on our new rain barrel, transforming it into a beautiful work of art. This system captures and stores rainwater, harnessing its potential for various purposes. The rain barrels collect and store rainwater from rooftops, minimizing runoff and preventing water wastage. The collected rainwater is then utilized for irrigation purposes, maintaining our school's vibrant gardens and green spaces. By utilizing this sustainable water source, we not only reduce our dependence on municipal water supplies but also contribute to conserving natural resources and promoting a greener environment. This energy-saving rain barrel system serves as a remarkable example of our school's commitment to sustainability and responsible resource management, empowering students to be conscious stewards of our planet.

MONARCH BUTTERFLIES

Monarch butterflies and milkweed share a fascinating and vital ecological relationship. Monarchs depend on milkweed plants for their survival. Milkweed serves as the sole food source for monarch caterpillars, providing them with essential nutrients necessary for their growth and development. Efforts to conserve milkweed plants are vital to ensure the continued existence of these beautiful and iconic butterflies, contributing to the overall health and biodiversity of our ecosystems.

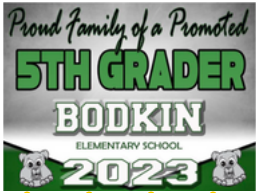

5th Grade Parents...

5TH GRADE

Your fifth grader came home with promotion tickets in his/her backpack on May 30. Please note that only five tickets are available per student due to space limitations. Please keep these tickets in a safe place as these are your tickets into fifth grade promotion. Admission is based on one person per ticket (including siblings). Fifth graders do not use a ticket. No additional tickets will be provided by the school, nor will the school manage the collection of extra tickets and re-disbursement to families in need. Any needs/releases of tickets can be conducted directly between 5th Grade parents, independently. Additionally, Our Lady of the Chesapeake has graciously offered to allow us to use their parking lot during our 5th Grade Promotion. Feel free to use this parking lot as overflow for our event, however please do not park in their handicap spots, only park in actual parking spots, and please do not park on the grass. We are looking forward to a wonderful event on June 13 at 8:30 am.

If you are interested in purchasing a sign for your 5th grader, J. Hurst Photography has them available (pictured). Please contact the company if you would like to purchase one. [Website](#)

ENVIRONMENTAL FAIR

The Spring weather was beautiful on May 6th for Bodkin's 14th Environmental & Local Culture Fair. Thank you so much to the administration, staff, PTA and volunteers for your support to help make this event a success. Students, families, teachers, and community members had an amazing time! There were so many excellent hands-on activities, giveaways, products and information that attendees received and/or purchased. This annual event engages the community to think globally but act locally to protect, respect and preserve the environment and the Chesapeake Bay. Through individual eco-conscious actions, we can collectively make a difference! *Don't forget that the Trick or Trunk box is still in the lobby to collect candy wrappers to be upcycled. We have a couple more weeks to fill it up. Thank you ALL for your support!
