Online Databases

The following is a list of databases that can be accessed at school or at home. "Online databases are available from home to help students with homework, questions, projects, reports, and more. Most databases only require passwords when you are not in the school."

Go to <http://opac.aacps.org/>

1. Select your school from the elementary school drop down menu.
2. Select Online Databases from the menu located on the left side of the screen.
