

4th Grade

Mrs. Parks
Mrs. Fields
Mrs. Howell
Mrs. Anderson

Academic Updates

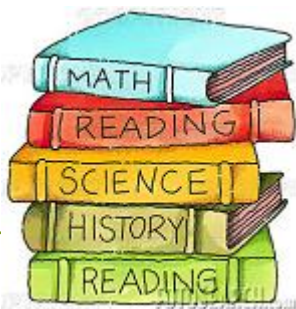

1. Explicit Comprehension: We will be making connections between texts, strengthening vocabulary, and identifying how characters react in narrative text

2. Math: We will be finding perimeter of rectangles to solve real world problems. Then, we will be continuing to practice all four operations to compute multi-digit numbers.

3. Science: We are continuing our exploration of Tsunami-proof home plans. We will be testing and redesigning to improve the plans.

4. Social Studies: We are continuing our study of modern Maryland with a new focus on rules and laws and how they affect how people live and work. Students will be conducting their own research on Maryland as well.

5. Writing: We are continuing working on our literary essays. We have developed our theses and are working hard to support our reasons with significant evidence from the texts.

Looking Ahead:

Friday, June 11th- Tacky Tourist Spirit Day

Thursday, June 17th- 2 HR Early Dismissal

**Friday, June 18th- 2HR Early Dismissal
End of 4th Marking Period
Last Day for Students**

Reminders:

- Students should continue to check their "To Do" lists in their Google Classrooms to see what assignments need to be turned in so they can receive credit.
- Students should continue to read daily at home for comprehension and fluency
- Continue to work on your iReady Reading and Math Paths (Goal: at least 30 min. per week in each subject)
- Students should also continue to work on mastering their multiplication facts- flash cards and playing First in Math are fun ways to strengthen your skills!

QUOTE OF THE MONTH:

Often we **look so long**
at the closed door that we
do not see the one that
has been opened for us.

– Helen Keller
