

Y(OUR) Quote and Picture

We need your help!! Seriously! Please take a moment to snap your photo with a quote and upload it to our yearbook website!

RULES!!

1. Your quote should have meaning to you, be about you, or something you live by.
2. You can make up your own quote or use a well known quote that speaks to you and is relevant. If you use a quote from someone else you need to add the person's name under the quote.
3. Write the quote and take a picture of you holding the quote. And lastly, feel free to be creative with your photo. Submit a picture of yourself that represents you! (Ex. If you like biking, you could submit a picture of yourself biking! Just make sure we can see your face!) It's just that kind of year!!

4. The photo should be portrait and NOT LANDSCAPE!

Thanks!
