

High School Community Meeting (Homeroom) Block

Guidance Document

Purpose:

To support the social emotional cognitive growth of students while building community.

Components:

- 45 Minutes on Wednesdays 8:30am -9:15am
- Mandatory instructional block for teachers teachers will be paired for this time.
- Announcements and schoolwide information (5-10 mins).
- Community Building Circles (if trained) (15-20 mins). Only schools not trained in Community Building Circles may use alternative activities for connection (15-20 mins).
- School specific lessons which could include: PBIS School Wide Expectations, Code of Conduct, Naviance, other social emotional and CCR-related lessons relevant to school community (15-20 mins).

Lessons and Activities:

- Community Building Circle resources are emailed to principals of schools trained.
- School specific lessons are available from appropriate school teams.
- Code of Conduct lessons are provided by Office of Safe and Orderly Schools.
- Naviance lessons are available from school counseling offices.

Recommendations:

- Determine a person at the school who will take the lead on supporting this block this could be the same person leading the Student Wellness block. This person will be invited to have access to the shared Google Drive for Student Wellness/Community Meeting.
- Keep content separate from Community Building Circles or Connection Activities these are intended for community building and not content delivery.
- For schools trained in Community Building Circles, pair trained staff with untrained staff.

Support:

- Recorded professional development and power point "Community Building Circles: Mini-Refresher and How To's for Virtual Circles"- Provided for opening week for all trained schools.
- The shared Google Drive will include suggestions for alternative activities for connection for schools not yet trained in Community Building Circles.
- Reach out to Megan Lewis, Coordinator for Behavioral Supports and Interventions, at <u>mclewis@aacps.org</u> and Kathy Rockefeller, School Climate Specialist, at <u>krockefeller@aacps.org</u> for support.
