

# Community Resource Guide

Revised 2013

*Assisting schools in identifying the needs of ALL students and families*

# Introduction

The Community Resource Guide was developed by the Division of Special Education and the Division of Student Support Services to assist schools in identifying the needs of all students and families. Anne Arundel County Public Schools recognizes that student and family issues impact educational progress and performance both at home and in school. These needs frequently exceed the school system’s role in education. The revised edition of the Community Resource Guide is now accessible countywide and all categories are available to print. We welcome private and professional members of our community to utilize this resource as all stakeholders are valued.

## How to use the guide

Categories and subcategories are identified and color coded under a larger theme according to resource need. Resource/agencies offering a web site can now be accessed directly by clicking the available website link listed under the noted resource.

The **“Emergency Resource Support Page”** offers quick links to resources for urgent needs such as prescriptions, shelters, cell phones, eviction assistance, and food. Also, links for larger organizations offering multiple types of supports such as “The Purple Book” and “Network of Care” are identified.

All users are invited to print off as many pages of this guide as needed or you may save the entire guide in its PDF format. Please see the Table of Contents to help identify the locations of needed resources.

800-525-0145

*The Tel-life (Lifeline) program is available to help low-income Marylanders obtain telephone service. The program helps individuals keep local phone rates affordable.*

*The Tel-life program can provide savings on hook-up charges and basic monthly telephone bills. People who receive Temporary Cash Assistance (TCA), Public Assistance to Adults (PAA), Food Stamps (FS), Medical Assistance (MA), Temporary Disability Assistance Program (TDAP), Electric Universal Service Program (EUSP), Maryland Energy Assistance Program (MEAP), and Supplemental Security Income (SSI) can apply for this program. The application process takes approximately 30 days.*

*Customers are not charged to change telephone service to Tel-Life service. The service includes reduced telephone rates, and discounts on line connection and wiring charges. Tel-Life is most helpful to people who generally make fewer than 30 calls per month. Additional billing costs are incurred for customers who make more than 30 calls per month. Tel-Life customers also can get reduced rates on installation charges for 1 outlet and can request that installation fees be divided into 6 monthly payments.*

## Emergency Assistance to Adults (EAA)

### Walk-In Services

Emergency Assistance to Adults (EAA) provides assistance to income-eligible adults during times of critical need and crisis. To access services, applicants are required to provide information about expenses and all sources of income and financial support. Applicants must also detail the nature of the crisis, describe all efforts made to address the crisis, and provide documentation of the emergency need. Applicants may be asked to seek other sources of help in addition to the “emergency” grant they may receive. Once eligibility is determined, Emergency Assistance to Adults may provide assistance for the following:

- Court-Ordered Eviction
- Utility Cut-off
- Life Sustaining Medications
- Shelter Referrals
- Referrals for furniture, food, clothing
- Referrals for services to address Domestic Violence

*Emergency Assistance for Adults (EAA) grants can only be issued once in a twelve (12) month period.*

## Emergency Assistance to Families with Children (EAFC)

### Walk-In Services

Emergency Assistance to Families with Children is a “walk-in” service for families who are experiencing a crisis. It is only available to families with children under the age of 21 who are not applying for any other agency services, such as SNAP (food stamps), Medical Assistance, or Temporary Cash Assistance. Services case workers work with the applicant to help resolve the immediate crisis and assist with plans to avoid future crisis situations. Adult heads-of-household must detail the nature of the crisis, describe all efforts made to address the crisis, and provide documentation of the emergency need. Upon determination of eligibility, the following assistance may be provided:

- Court-Ordered Eviction
- Utility Cut-off
- Shelter Referrals
- Referrals for furniture, food, and clothing
- Referrals for services to address Domestic Violence
- Burial Assistance (*restricted eligibility*)
- Advocacy

*State policy requires that Emergency Assistance to Families with Children (EAFC) grants can only be provided once every two (2) years.*

### Services to

## Families with Children (SFC-Intake)

Services to Families with Children (SFC-I) is a voluntary service for families requesting assistance to prevent a breakdown in functioning. A case worker will work with the household to complete a comprehensive family assessment within 30 days. The case worker, along with the family, will develop a plan to help with the family’s needs, as well as make referrals to appropriate community resources. Should the family need additional assistance beyond 30 days, a referral will be made to the Department’s In-Home Family Services program for further intervention.

*State policy requires that Services to Families with Children (SFC-I) be made available to families without regard to income.*

## What is Systems of Care?

Anne Arundel County Systems of Care is a multi-tiered approach to providing individualized information and support to connect children, youth and their families to appropriate resources in the community.

## The Components

- ◆ *info*AnneArundel Website
- ◆ Information & Referral Phone Line
- ◆ Family Navigation & Community Resource Initiative Care Team (CRICT)

## Objectives

1. To provide a single point of entry to link families to appropriate agencies and community-based supports
2. To identify service gaps using resource and referral information and an outcomes performance tracking system

## Systems of Care Partners

- ◆ Anne Arundel County Partnership for Children, Youth & Families
- ◆ Anne Arundel County Public Schools
- ◆ Anne Arundel County Government - Office of the County Executive
- ◆ Anne Arundel County Health Department
- ◆ Anne Arundel County Department of Recreation & Parks
- ◆ Anne Arundel County Department of Social Services
- ◆ Anne Arundel County Mental Health Agency
- ◆ Department of Juvenile Services
- ◆ University of Maryland School of Medicine, Department of Psychiatry
- ◆ Anne Arundel County Court Appointed Special Advocates (CASA)
- ◆ Anne Arundel Community College
- ◆ Housing Authority of the City of Annapolis
- ◆ Maryland Choices, LLC
- ◆ Chesapeake Center for Youth Development

The Systems of Care partners thank all the community partners who have committed their time, expertise and resources to this initiative. From individuals acting as parent advocates to local community organizations lending their support, the Anne Arundel County Systems of Care is only a success because of the overwhelming support of the community.

### CONNECT

to Family Navigation &/or the Community Resource Initiative Care Team (CRICT)

Families partner with navigators and/or CRICT members to develop Individualized Action Plans. The goals include family empowerment and increased self-sufficiency.

#### To access Navigation Services:

Contact the Information and Referral Phone Line specialists at 1-800-485-0041.

#### To access CRICT:

Call 1-800-485-0041 once the family has agreed to participate, to schedule a meeting, and discuss the required background information and consent forms.

At the CRICT Meeting, the Team develops an Individualized Action Plan in partnership with the family.

After the meeting, the family and Systems of Care (SOC) staff, with support from the CRICT members, implement the Action Plan. SOC staff will follow-up with the family and other involved parties to monitor outcomes and ensure program effectiveness.

## United States Naval Academy Fleet and Family Support Center

Supports Navy, Marine Corps and other military personnel, retirees and family members.

**The Family Advocacy Program** is designed to strengthen families and to help family members stop hurting the ones they love. It involves prevention, education, intervention, and treatment of child and spouse abuse/neglect.

**The Sexual Assault Victim Intervention Program** aims to reduce the incidence of rape and sexual assault through prevention education. It also provides crisis intervention, advocacy and support for victims, and collects numerical data on such incidents within the Navy.

**Crisis Response** is the quick response provided for commands, personnel, and families when they are faced with crisis situations, ranging from sexual assault, or loss of life, to natural or Naval disaster, to evacuation or war. In the midst or aftermath of an incident, the FFSC provides command consultation, crisis intervention, coordination of support, resources and volunteers, 24 hour information and referral, Critical Incident Stress Debriefing, and follow-up counseling or referral service.

**Employment Assistance** addresses spouse's and family member's need to obtain suitable employment, establish career goals, and maintain career progression, despite frequent relocations. Services are self-help, one-on-one, and classroom style covering career planning, resume writing, job search, interview skills, and salary negotiation.

**Life Skills Education** provides workshops on topics such as: Anger Management, Stress Management, Conflict Resolution, Communication Skills, Marriage Enrichment, Parent Effectiveness, and Child Development to enhance personal and family skills for work and home, reduce marriage/family conflict, and enhance the member's productivity and deployability.

**The Exceptional Family Member Program** ensures military families with chronic illness or disabilities can receive needed services regardless of the member's duty assignment. The FFSC provides program information, education, and counseling. Personal Financial Management is the Navy's effort to promote good money management skills within its force. Services include individual counseling and workshops which address check writing, managing credit, avoiding debt, and planning for your financial future.

## United States Naval Academy Fleet and Family Support Center

Supports Navy, Marine Corps and other military personnel, retirees and family members.

**The Family Advocacy Program** is designed to strengthen families and to help family members stop hurting the ones they love. It involves prevention, education, intervention, and treatment of child and spouse abuse/neglect.

**The Sexual Assault Victim Intervention Program** aims to reduce the incidence of rape and sexual assault through prevention education. It also provides crisis intervention, advocacy and support for victims, and collects numerical data on such incidents within the Navy.

**Crisis Response** is the quick response provided for commands, personnel, and families when they are faced with crisis situations, ranging from sexual assault, or loss of life, to natural or Naval disaster, to evacuation or war. In the midst or aftermath of an incident, the FFSC provides command consultation, crisis intervention, coordination of support, resources and volunteers, 24 hour information and referral, Critical Incident Stress Debriefing, and follow-up counseling or referral service.

**Employment Assistance** addresses spouse's and family member's need to obtain suitable employment, establish career goals, and maintain career progression, despite frequent relocations. Services are self-help, one-on-one, and classroom style covering career planning, resume writing, job search, interview skills, and salary negotiation.

**Life Skills Education** provides workshops on topics such as: Anger Management, Stress Management, Conflict Resolution, Communication Skills, Marriage Enrichment, Parent Effectiveness, and Child Development to enhance personal and family skills for work and home, reduce marriage/family conflict, and enhance the member's productivity and deployability.

**The Exceptional Family Member Program** ensures military families with chronic illness or disabilities can receive needed services regardless of the member's duty assignment. The FFSC provides program information, education, and counseling. Personal Financial Management is the Navy's effort to promote good money management skills within its force. Services include individual counseling and workshops which address check writing, managing credit, avoiding debt, and planning for your financial future.

**The Transition Assistance Program** helps Navy and Marine personnel and their families prepare for separation from active duty.

### PACT: Helping Children with Special Needs

PACT is a program that seeks to promote the development of young children with special needs and/or high risk factors for developmental delays through programs that provide comprehensive assessments; early intervention services; family support services; parent education, specialized childcare; and professional training.

**Comprehensive Therapy Center (CTC)** – The CTC serves children from infancy up to 18 years of age with identified or suspected developmental delays. It offers evaluations; physical, occupational and speech/language therapies; mental health services; and service coordination. In addition, the program offers training and counseling for parents and other caregivers. Call 410- 298-7000

**A World of Care** – World of Care provides specialized childcare services to children ages six weeks to five years of age with developmental delays and/or medical challenges that require daily nursing interventions. World of Care also offers after-school care for children age three and four who meet the medical eligibility requirements. Daily nursing assessments are provided to all medically fragile children. Physical, occupational, and speech/language therapies are provided as needed, by Comprehensive Therapy Center therapists; mental health services are provided by social workers. World of Care is one of only two medically-based child care centers in Maryland. It serves children and families from the entire Baltimore metropolitan region. Call 410- 298-7000

**Growing Together** – Growing Together is a supported parenting program for mothers and fathers who are cognitively limited and have children under age three. The program has a dual focus: teaching safe, effective, and nurturing parenting techniques while also providing therapy (i.e., physical, occupational and speech/language therapy) to the children, if needed, and parent-child developmental activities to enhance the child's developmental progress. Consultation and counseling at Child Parent Counseling utilizes evidence-based approaches to work with children and families prenatal to early adulthood. Counseling often draws from the following therapies and theories: cognitive behavioral therapy, dialectical behavior therapy, trauma-focused cognitive behavioral therapy, attachment theory and directive and non-directive play therapy and sand tray therapy. Parents can receive specialized consultation through individual sessions. Children and adolescents may benefit from individual, group or family counseling. Upon our initial meeting, Child Parent Counseling will discuss with you the recommendations that may best help your family. We specialize in services provided for the following stages of parenting & development:

Pregnancy & Post-partum

Babies

Toddlers

Preschoolers-Elementary

Pre-teen to Teenagers/

Early Adulthood

### Do you accept my insurance?

At this time, Child Parent Counseling is accepting self-pay clients only. We will work with you and your insurance company to file claims for an out-of-network provider. ### PACT: Helping Children with Special Needs

PACT is a program that seeks to promote the development of young children with special needs and/or high risk factors for developmental delays through programs that provide comprehensive assessments; early intervention services; family support services; parent education, specialized childcare; and professional training.

**Comprehensive Therapy Center (CTC)** – The CTC serves children from infancy up to 18 years of age with identified or suspected developmental delays. It offers evaluations; physical, occupational and speech/language therapies; mental health services; and service coordination. In addition, the program offers training and counseling for parents and other caregivers. Call 410- 298-7000

**A World of Care** – World of Care provides specialized childcare services to children ages six weeks to five years of age with developmental delays and/or medical challenges that require daily nursing interventions. World of Care also offers after-school care for children age three and four who meet the medical eligibility requirements. Daily nursing assessments are provided to all medically fragile children. Physical, occupational, and speech/language therapies are provided as needed, by Comprehensive Therapy Center therapists; mental health services are provided by social workers. World of Care is one of only two medically-based child care centers in Maryland. It serves children and families from the entire Baltimore metropolitan region. Call 410- 298-7000

**Growing Together** – Growing Together is a supported parenting program for mothers and fathers who are cognitively limited and have children under age three. The program has a dual focus: teaching safe, effective, and nurturing parenting techniques while also providing therapy (i.e., physical, occupational and speech/language therapy) to the children, if needed, and parent-child developmental activities to enhance the child's developmental progress. ## Tel-life

*The Tel-life (Lifeline) program is available to help low-income Marylanders obtain telephone service. The program helps individuals keep local phone rates affordable.*

*“Safelink” is the wireless phone component of the “Lifeline” program. Eligibility is the same and contact number is 1-800-977-3768.*

**Eligibility:** The Tel-life program can provide savings on hook-up charges and basic monthly telephone bills. People who receive Temporary Cash Assistance (TCA), Public Assistance to Adults (PAA), Food Stamps (FS), Medical Assistance (MA), Temporary Disability Assistance Program (TDAP), Electric Universal Service Program (EUSP), Maryland Energy Assistance Program (MEAP), and Supplemental Security Income (SSI) can apply for this program. The application process takes approximately 30 days. Customers are not charged to change telephone service to Tel-Life service. The service includes reduced telephone rates, and discounts on line connection and wiring charges. Tel-Life is most helpful to people who generally make fewer than 30 calls per month. Additional billing costs are incurred for customers who make more than 30 calls per month. Tel-Life customers also can get reduced rates on installation charges for 1 outlet and can request that installation fees be divided into 6 monthly payments.

## It Gets Better Project

*Very new resource created after the recent suicides of harassed LGBTQ youth*

*Access to videos created by a huge variety of pop stars, political leaders, and everyday adults who share a message to teens that they are healthy, successful LGBTQ adults*

*Here's the explanation on the site: "Many LGBT youth can't picture what their lives might be like as openly gay adults. They can't imagine a future for themselves. So let's show them what our lives are like, let's show them what the future may hold in store for them."*

*Very affirming resource for teenagers. The site is very teen friendly, but also is monitored (videos have to be approved) so you can feel okay about sharing this resource.*

*Note: videos are currently blocked from school access.*

## Emergency Assistance to Adults (EAA)

### Walk-In Services

Emergency Assistance to Adults (EAA) provides assistance to income-eligible adults during times of critical need and crisis. To access services, applicants are required to provide information about expenses and all sources of income and financial support. Applicants must also detail the nature of the crisis, describe all efforts made to address the crisis, and provide documentation of the emergency need. Applicants may be asked to seek other sources of help in addition to the “emergency” grant they may receive. Once eligibility is determined, Emergency Assistance to Adults may provide assistance for the following:

- Court-Ordered Eviction
- Utility Cut-off
- Life Sustaining Medications
- Shelter Referrals
- Referrals for furniture, food, clothing
- Referrals for services to address Domestic Violence

*Emergency Assistance for Adults (EAA) grants can only be issued once in a twelve (12) month period.*

## Emergency Assistance to Families with Children (EAFC)

### Walk-In Services

Emergency Assistance to Families with Children is a “walk-in” service for families who are experiencing a crisis. It is only available to families with children under the age of 21 who are not applying for any other agency services, such as SNAP (food stamps), Medical Assistance, or Temporary Cash Assistance. Services case workers work with the applicant to help resolve the immediate crisis and assist with plans to avoid future crisis situations. Adult heads-of-household must detail the nature of the crisis, describe all efforts made to address the crisis, and provide documentation of the emergency need. Upon determination of eligibility, the following assistance may be provided:

- Court-Ordered Eviction
- Utility Cut-off
- Shelter Referrals
- Referrals for furniture, food, and clothing
- Referrals for services to address Domestic Violence
- Burial Assistance *(restricted eligibility)*
- Advocacy

*State policy requires that Emergency Assistance to Families with Children (EAFC) grants can only be provided once every two (2) years.*

### Services to

## Families with Children (SFC-Intake)

Services to Families with Children (SFC-I) is a voluntary service for families requesting assistance to prevent a breakdown in functioning. A case worker will work with the household to complete a comprehensive family assessment within 30 days. The case worker, along with the family, will develop a plan to help with the family’s needs, as well as make referrals to appropriate community resources. Should the family need additional assistance beyond 30 days, a referral will be made to the Department’s In-Home Family Services program for further intervention.

*State policy requires that Services to Families with Children (SFC-I) be made available to families without regard to income.*

## Anne Arundel County Teen Court

Teen Court is a real justice program run by teens for teens. Juveniles aged 12 through 17 who have committed a misdemeanor crime appear before a jury of their peers. The crime is generally a first offense, and the respondent must admit involvement since this is a disposition (sentencing) hearing only. Teen Court is intended to divert a first time teen offender away from a pattern of criminal behavior. Cases heard in Teen Court involve crimes such as shoplifting, disorderly conduct, destruction of property and possession of alcohol. Anne Arundel County students from ages 10 to 17 are needed to volunteer one day a month for six months. Teens who volunteer perform the roles of prosecuting and defense attorney, judge, bailiff, clerk, and jury.

# United States Naval Academy Fleet and Family Support Center

*Supports Navy, Marine Corps and other military personnel, retirees and family members.*

**The Family Advocacy Program** is designed to strengthen families and to help family members stop hurting the ones they love. It involves prevention, education, intervention, and treatment of child and spouse abuse/neglect.

**The Sexual Assault Victim Intervention Program** aims to reduce the incidence of rape and sexual assault through prevention education. It also provides crisis intervention, advocacy and support for victims, and collects numerical data on such incidents within the Navy.

**Crisis Response** is the quick response provided for commands, personnel, and families when they are faced with crisis situations, ranging from sexual assault, or loss of life, to natural or Naval disaster, to evacuation or war. In the midst or aftermath of an incident, the FFSC provides command consultation, crisis intervention, coordination of support, resources and volunteers, 24 hour information and referral, Critical Incident Stress Debriefing, and follow-up counseling or referral service.

**Employment Assistance** addresses spouse's and family member's need to obtain suitable employment, establish career goals, and maintain career progression, despite frequent relocations. Services are self-help, one-on-one, and classroom style covering career planning, resume writing, job search, interview skills, and salary negotiation.

**Life Skills Education** provides workshops on topics such as: Anger Management, Stress Management, Conflict Resolution, Communication Skills, Marriage Enrichment, Parent Effectiveness, and Child Development to enhance personal and family skills for work and home, reduce marriage/family conflict, and enhance the member's productivity and deployability.

**The Exceptional Family Member Program** ensures military families with chronic illness or disabilities can receive needed services regardless of the member's duty assignment. The FFSC provides program information, education, and counseling. Personal Financial Management is the Navy's effort to promote good money management skills within its force. Services include individual counseling and workshops which address check writing, managing credit, avoiding debt, and planning for your financial future.

**The Transition Assistance Program** helps Navy and Marine personnel and their families prepare for separation from active duty.

Consultation and counseling at Child Parent Counseling utilizes evidence-based approaches to work with children and families prenatal to early adulthood. Counseling often draws from the following therapies and theories: cognitive behavioral therapy, dialectical behavior therapy, trauma-focused cognitive behavioral therapy, attachment theory and directive and non-directive play therapy and sand tray therapy. Parents can receive specialized consultation through individual sessions. Children and adolescents may benefit from individual, group or family counseling. Upon our initial meeting, Child Parent Counseling will discuss with you the recommendations that may best help your family. We specialize in services provided for the following stages of parenting & development:

Pregnancy & Post-partum

Babies

Toddlers

Preschoolers-Elementary

Pre-teen to Teenagers/

Early Adulthood

### Do you accept my insurance?

At this time, Child Parent Counseling is accepting self-pay clients only. We will work with you and your insurance company to file claims for an out-of-network provider. Your insurance may reimburse a portion of the counseling fee. Please check with your insurance carrier for more information on using an out-of-network provider. Child Parent Counseling may become an in-network provider with your insurance company. Please feel free to contact us for the most up to date information. Keep in mind that insurance companies do collect information on diagnosis and can access your mental health record.

### What is your cancellation policy?

Kindly give 24 hours notice if you need to cancel or reschedule your appointment. Cancellations less than 24 hours notice will be charged a \$40 fee, payable prior to your next session.

### PACT: Helping Children with Special Needs

PACT is a program that seeks to promote the development of young children with special needs and/or high risk factors for developmental delays through programs that provide comprehensive assessments; early intervention services; family support services; parent education, specialized childcare; and professional training.

**Comprehensive Therapy Center (CTC)** – The CTC serves children from infancy up to 18 years of age with identified or suspected developmental delays. It offers evaluations; physical, occupational and speech/language therapies; mental health services; and service coordination. In addition, the program offers training and counseling for parents and other caregivers. Call 410- 298-7000

**A World of Care** – World of Care provides specialized childcare services to children ages six weeks to five years of age with developmental delays and/or medical challenges that require daily nursing interventions. World of Care also offers after-school care for children age three and four who meet the medical eligibility requirements. Daily nursing assessments are provided to all medically fragile children. Physical, occupational, and speech/language therapies are provided as needed, by Comprehensive Therapy Center therapists; mental health services are provided by social workers. World of Care is one of only two medically-based child care centers in Maryland. It serves children and families from the entire Baltimore metropolitan region. Call 410- 298-7000

**Growing Together** – Growing Together is a supported parenting program for mothers and fathers who are cognitively limited and have children under age three. The program has a dual focus: teaching safe, effective, and nurturing parenting techniques while also providing therapy (i.e., physical, occupational and speech/language therapy) to the children, if needed, and parent-child developmental activities to enhance the child's developmental progress.
