

CRAIG T. WHITE

SPORTSMANSHIP & SERVICE AWARD WINNERS

2019 - 20

SCHOOL	SPORTSMANSHIP COACHES NAME	SELECTION BIOGRAPHY	SERVICE COACHES NAME	SELECTION BIOGRAPHY
ANNAPOLIS	FIELD HOCKEY KRISTEN GRAY	<ul style="list-style-type: none"> • Our Team made gift bags for the Meade Team during Annapolis High Senior Night. Each AHS player pitched in to make gift/goodie bags for the entire Meade Team that included drinks and snacks. It was our way of showing appreciation to the Meade team while I seniors were being introduced. • Mother Against Drunk Driving Walk: The team raised money for the cause and participated in the Walk in Baltimore. • One Love – The team wore blue and decorated the stadium in support of the One Love Foundation that is dedicated to preventing domestic abuse/violence. The team collected donations during a home game. All the donations were dedicated to the Annapolis YWCA. 	FOOTBALL NICK GOOD-MALLOY	<ul style="list-style-type: none"> • The football team held a Pink game fundraiser and donated the money to the American Cancer Society • They participated in the Coach to Cure Maryland, raising money and awareness towards Muscular Dystrophy in Children • The team participated in the Holiday Giving Event held at the Stanton Center in Annapolis • The team hosted and organized a State/County Wide College Recruiting Fair that was open to all schools. Over 30 colleges and Universities participated in the event • On Read Across America Day, our Football players traveled to Annapolis Elementary school to read to the Elementary students. • The team also participates in Weekly Reading and Mentoring at Parole Elementary.

ARUNDEL	VOLLEYBALL ASHLEY YUSCAVAGE	They won the MPSSAA Sportsmanship award during the state championship tournament.	FIELD HOCKEY CARRIE VOSBURG	<p>Held a First Responders Appreciation Game 9/11/19. Provided goodie bags to the Western District after the game. K9 Demonstration at game to raise awareness of Law Enforcement K9s.</p> <p>National Cancer Research Foundation: Breast Cancer game on 10/14. Raised \$1363 for NCFR thru online donations, pumpkin decorating contest and t-shirt sales.</p> <p>Sarah's House 11/15/19: Girls spent 2 hours at Sarah's House doing an activity for the children in the program.</p>
BROADNECK	VOLLEYBALL TRACEY REGALBUTO	<ul style="list-style-type: none"> Led by Coach Regalbuto and her outstanding staff, the Broadneck Bruin's volleyball team finished with a record of 17-3 and won the Anne Arundel county championship, the 4A East Region championship, and were the 4A State runner-up. All this success on the court is not, however, the reason that they have been selected as our "Craig T. White" Sportsmanship team of the year. It was their humble and confident approach to all situations that earned them this distinction. The class that they demonstrated in both their best moments was no different from their actions following a heart-breaking loss in the State championship match. They were respectful and graceful in both situations speaking volumes about the outstanding culture that exists in their program. They have set an example for all Bruin teams moving forward and we 	FOOTBALL ROB HARRIS	<ul style="list-style-type: none"> The Broadneck Bruin football program earned the distinction of our "Craig T. White" Service team of the year in 2019-2020. Led by Coach Harris and his staff the Bruin football program hosted an outstanding youth football celebration for the Cape Cougars football program, as well as driving campaigns to raise funds for "Fish for A Cure" and the "Real Men Wear Pink." Both of those projects are driven to raise funds for cancer research and treatment centers. The players and coaches actively engaged in these activities and worked to bring our community together. The "Real Bruins Wear Pink" shirts that the team sold to raise both awareness and money, truly brought our entire school together. Many students and faculty will always remember the "pink out" game in 2019 as one of the many highlights of this school year. Our athletic department is very proud of the football program for

		are very proud of all their accomplishments.		their emphasis on community service during this school year and would also like to thank Coach Harris, his coaching staff, and the student athletes for all their efforts.
CHESAPEAKE	VOLLEYBALL MIKE GIMON	The Volleyball team provided Northeast with gift bags and coaches gifts as a thank you for letting us use their gym while our floor was being redone. Also - for every home game they hosted a SPCA dog and cat of the game to bring awareness to homeless pets and finally they raised \$2,800 for JDRF (Juvenile Diabetes Research Foundation) during our Aces for Abby game.	GIRLS BASKETBALL MARIA GRAY	They invited Special Olympics Basketball of AA County to our gym and our players put their athletes through a series of qualifiers to become eligible to compete in the MD State Special Olympic Games. Many of our players and parents had planned a follow up outing to attend the state games in Frederick to support these outstanding athletes but sadly, the games were canceled in light of the pandemic. Regardless, the experience of working with these Special Olympians for an evening is something our Chesapeake girls won't soon forget. They were outstanding ambassadors of our school!
CSP	OUTDOOR TRACK GALEN WATTS	WINNING COACHES NAME: Galen Watts REASON THIS TEAM WAS CHOSEN: Due to the 2020 coronavirus pandemic, the Outdoor Track team was cancelled after just a few short weeks. After participating in a 10-week Strength and Conditioning Boot camp during the winter months, this group of 40 Boys and Girls, and 3 track coaches were determined to do all they could to stay true to the sport. The coaching staff sends out daily workout routines that the students can complete at home, and the students communicate to each other to be there for one another during these times. Some have reached out to student athletes at other AACPS schools to virtually just talk and/or exercise. During	GIRLS SOCCER DARRYL KELLY	The Girls Varsity Soccer team participated in an annual fundraiser called "Operation Gratitude". This program sends items and cards to deployed troops, veterans, and first responders. The girls collect goods from family, friends, neighbors to box up and send to their California location. Some items that were collected were deodorant, toothpaste, toothbrushes, power, wipes, candy, snacks, lip balm, and personalized cards from all of the girls on the team.

		the season, they practiced at Old Mill HS and have a positive, respectful friendship with the OMHS track team. They have remained positive during these times at home and should be recognizer for that.		
GLEN BURNIE	FIELD HOCKEY TRACEE SIMMS	Throughout the Fall Season, our field hockey program demonstrated consistent sportsmanship from start to finish. The team was respectful to all involved and without hesitation complied with the calls of officials. Although they only came out on the winning side of a game once, they demonstrated poise beyond their years, time and time again at the end of games. Coach Simms has done a great job with this program and has it heading in the right direction. Congratulations and Thank You Coach Simms!	CROSS COUNTRY ASHLEY KELSO	<ul style="list-style-type: none"> • Picked up trash on practice runs • Helped Old Mill with XC course • Every Wednesday went to Glendale Elementary School for HERO Boys & Girls on The Run serving as mentors • Wrote positive messages on donated medals for elementary school students
MEADE	FIELD HOCKEY LORRIE SHORT	In the world of competitive athletics there is always a winner and a loser. Unfortunately, the varsity girls field hockey team at Meade only experienced the losing side. Although the team compiled a losing record of 0-13, the players and coaches all kept a positive attitude and were optimistic about every game. The team's positive attitude was more prevalent on their senior night, they acknowledged the visiting team's seniors and gave them each a flower.	FOOTBALL MIKE FRANCIS	The team and coaches organized the collection of clothing, furniture, and gift cards for the families affected by the fire in Meade Village at Turn n Headz Barbershop on Donaldson and Pioneer Drive. Assisted Anne Arundel County Police Outreach with the 3rd annual Trunk or Treat held Oct. 29th at the corner of Pioneer Drive and Arwell court. Our team was responsible for providing information to those being served, issuing candy and cleaning up after the event. The event was designed to improve police and community relations as we provide a safe opportunity for the kids of the community to have a safe Halloween to elementary and Middle school kids from the Meade feeder system.

NORTHEAST	CHEERLEADING DANA JEFFERSON	Constant support of our athletic program at all home games and most away games including our Unified program.	FOOTBALL BRIAN BAUBLITZ	Involved in numerous community outreach events during the entire school year. (not just football season) Harvest for the Hungry parade, Serving and preparing meals in Md Food Bank and Caring Cupboard
NORTH COUNTY	FIELD HOCKEY MORGAN DOWNEY	Team gave up multiple practice times/dates to allow CSP to host home games on turf. Team also brought Slade field hockey to a practice teaching the youth sportsmanship/leadership skills. The team also worked with the Slade girls in breakout sessions for skill specific development drills.	INDOOR TRACK TRAVIS WELLS	Team completed multiple food drives for local food banks in the Brooklyn Park area.
OLD MILL	FIELD HOCKEY HEATHER ARNOLD	The Old Mill Field Hockey team has continuously shown Sportsmanship. Old Mill had its first Cross Country Meet this year at Old Mill. Coach Arnold led all of the players to stop practice early to cheer on all the runners. This showed the players that it is important to recognize and cheer on others. The field hockey team attends multiple events by other teams. They participate in the spirit days that the football team hosts. The field hockey team hosted a play day with Unified Tennis where both teams played games and had snacks. If you ever stop by a field hockey practice where the girls are doing conditioning or running, you will here multiple cheers encouraging each other. You might also see the girls coming together and running with the last girl so she is not finishing alone. The Old Mill Field Hockey team portrays sportsmanship.	CROSS COUNTRY CHELSEA HAUSWIRTH	The Cross Country program at our school consists of 42 athletes. In the past, we would participate in one community service activity, however this year we wanted to do more. The team was separated by graduating class and each one had to create, organize, and follow through with their own community service project. This way the community would be impacted more, each class could choose something they were passionate about, and there was more opportunity for leadership roles. The freshmen class was led by Keane Mallet who organized a feeding the less fortunate event at a local church. The kids helped bag groceries, load them into shopping carts, and even learned

				<p>how to shuck corn. They had a great time and realized they had a lot to be grateful for. The sophomore class was led by Chloe and Trishelle Weed, both active environmentalists. They chose to help clean a local beach of trash. After three hours of walking, they picked up 13 full bags of trash off Jonas and Anne Catherine Green Beach (a “trash free” beach). The junior classes project was “Spread the Warmth” and led by Gavin Trimper. They collected and donated gently used, laundered hats, scarves, mittens, and gloves to donate to Severn Elementary School students in need</p>
SEVERNA PARK	<p>GIRLS CROSS COUNTRY JOSH ALCOMBRIGHT</p>	<p>The girl's cross country team is one of the most encouraging and positive group of students I have ever coached. They are constantly motivating themselves, opposing teams, and the boys teams with 100% positivity. This fall, they were one of the favorites to win Cross Country state title up until the second half of the race. One of our top runners began to quickly fade and in the last 400 meters, fell several times. This young lady got back up every time until she eventually crawled across the finish line. Every one of her teammates stood at the finish line cheering her on and embracing her the moment she crossed the line. Of course, they were disappointed they did not win but this perfectly describes what this team and sport means to these young ladies.</p>	<p>UNIFED TENNIS NADINE HENDLER</p>	<p>Raised awareness and funds for Breast Cancer Awareness and Pediatric Brain Cancer. 100 % of our fundraising proceeds were donated to The Dana Farber Pediatric Cancer Institute in Boston in Memory of one of Gabrielle Pellicani. Working with North County High School, we held a ‘Think Pink Match’. Both Programs raised funds selling Awareness T-shirts, morning announcements and restaurants fundraisers. We held a ceremony prior to our match and spoke about the importance of early detection for Breast Cancer and Pediatric Brain Cancer. Together we hoped to spread the message and encouragement for those dealing with the illness.</p>
SOUTH RIVER	<p>GIRLS BASKETBALL MIKE ZIVIC</p>	<p>Led by a strong senior class, this group exhibited class and character towards opponents and referees at all times.</p>	<p>CROSS COUNTRY JOSH CARROLL</p>	<p>The team partnered with the Wounded Warriors Foundation to organize a charity 5K run in the fall.</p>
SOUTHERN	<p>INDOOR TRACK LEON TUCKER</p>	<p>For our project we volunteered at Jug Bay Wetlands Sanctuary at two separate locations, the Patuxent Wetland Park and Jug Bay Farm</p>	<p>GIRLS SOCCER BROOKE WALSH</p>	<p>Girl's Soccer supported Meals on Wheels of Central Maryland this year. They planned, collected and collated over 100 health kits to</p>

		<p>Preserve. With the guidance of sanctuary officials, we targeted areas of trash buildup at each location. We swept the muddy riverside and surrounding woods, clearing any litter we found despite its size or position. In a dirt area where farmers used to bury their garbage, we removed three rusted washing machines, part of a car, and countless cans and bottles. The work was very labor intensive at times, but we came together as a team to have fun with it and maximize the amount of trash we collected. In total our team was able to fill about forty-seven bags of trash, remove twelve car tires from the mud, and extract large heaps of metal from the ground. Seeing the extent of pollution during our project was eye-opening, making the experience educational as well as highly beneficial to the community.</p>		<p>homebound residents of our community. The girls were put into pairs and together they planned what items they would gather (mostly personal hygiene items) created the kits and also wrote notes of encouragement to accompany each kit. Additionally, they created over 100 Holiday cards to be distributed during the holiday season to the same residents.</p>
