

Middle School Student Schedule

The Middle School day runs on an A/B day schedule from 8:30–3:18 Monday–Friday. During instructional time, it is essential that teachers and students engage fully in learning. Learning is a multisensory process and teachers need to see and interact with students to provide the best learning experience. In all synchronous learning blocks, students and teachers are required to have their cameras on so that meaningful engagement and learning can take place as the periods flow from presentation, to partner collaborations, and independent production.

On Wednesdays, students will engage in WISE Wednesday opportunities (Academic coaching, social/emotional activities, Toolkit for Success lessons, and/or Advisories), and Co-Curricular Clubs. There are academic coaching times built into the schedule throughout the week for students to receive small group or individual support from their teachers.
