

# INTENSIVE OUTPATIENT PROGRAM (IOP)

CONCERTED CARE GROUP

Concerted Care Group (CCG) Intensive Outpatient Program (IOP), providing individuals with an outpatient alternative to residential treatment, allowing for recovery while staying within their community. This structured program helps clients achieve abstinence, prevent relapse, and make better use of free time by setting recovery goals and learning essential skills for success. Additionally, CCG's IOP offers daily monitoring and accountability to support long-term recovery.

## ACTIVITIES

- Intensive Group and Individual Counseling.
- Offsite Social Events.
